This article provides a comprehensive list of 1000 everyday vocabulary words that are essential for success in competitive exams. These words are frequently used in a variety of contexts, including academic writing, professional communication, and everyday conversation. By mastering these words, you can significantly enhance your vocabulary and improve your ability to express yourself clearly and effectively.

How to Use This List

This list of 1000 vocabulary words is divided into 10 sections, each containing 100 words. Each section is organized alphabetically. To use this list, simply start with the first section and work your way through. Each word is followed by its definition and a sample sentence. You can study the words in order or focus on the sections that are most relevant to your needs.
