- **Use the right size slow cooker.** If your slow cooker is too small, your food will not cook evenly. If your slow cooker is too large, your food will take too long to cook.
- **Do not overfill your slow cooker.** The food should not come all the way to the top of the slow cooker, or it will not cook evenly.
- **Add liquid to your slow cooker.** This will help to prevent your food from drying out.
- **Cook on low for the best results.** Cooking on low will help to keep your food from overcooking.
- **Do not open the lid of your slow cooker during cooking.** This will let the heat out and slow down the cooking process.
- **Use your slow cooker to reheat leftovers.** This is a great way to save time and energy.

Slow cookers are a great way to make delicious, home-cooked meals with minimal effort. With a slow cooker, you can throw in your ingredients in the morning, and come home to a delicious, home-cooked meal at the end of the day
